

PRZĘKROJ-1: OŚ_0
SKALA 1:500/50

The figure is a longitudinal profile of a road section, labeled 'PRZĘKROJ-1: OŚ_0' with a scale of 'SKALA 1:500/50'. The vertical axis on the left shows elevations from 30.5 to 42.0 meters. The horizontal axis represents the road's length, with stationing markers from 4+500 to 4+900. The profile includes a red line for the road's vertical alignment, a green line for the ground surface, and a magenta line for the proposed grade. Vertical curves are labeled with their type (V=1 to V=12), chainage (KM), and height (h). Grades are indicated by red arrows with their percentage and length. Cross-sections are shown as vertical lines at specific stations. Below the profile, a table provides detailed data for each cross-section, including elevation, grade, and horizontal curve information.
